To Whom It May Concern:

I'm writing to recommend Randall Munson as an exceptional speaker for your events. Randall is the ideal speaker for healthcare organizations.

Randall delivered two outstanding presentations for Affinity Health Systems. He captivated everyone including our top executives, our entire management team and our physicians and spouses. With his energetic, interactive style he enlightened, encouraged, and inspired all of us. Randall is delightfully funny and entertaining yet his presentations are packed with serious information and valuable insights. Physicians earned Continuing Medical Education (CME) credits for the educational content of Randall's program.

Randall exemplifies true professionalism; in spite of an emergency landing, re-routing on multiple flights through the night to get here, almost no sleep, and a respiratory infection, Randall was flawless in his delivery the next morning. Randall does whatever it takes to give you an extraordinary presentation.

If you want an excellent inspiring program for your organization's employees, I highly recommend hiring Randall Munson.
